### CHECK IN/OUT TIME - TRANSFERS

Transfers from the airport to the boat run at 11:00, 16:00 and 22.30 and are free of charge. Guests who use the 11:00 transfer have to accept that the boat will not be fully cleaned or ready. A light sandwich style snack will be provided for lunch. Please contact us to discuss options if your flight is either very early or later than the transfer times shown as we may be able to arrange an extra transfer for EUR 5 per person paid locally. If you are already in the Maldives you should make your way to the airport for the 16:00 transfer. The boat moors near Male and departs early on the morning following the check-in day.

If your route does not start in Male and requires a domestic flight on arrival then you will be met by an Emperor Representative where possible, and assisted with the check-in formalities for your flight. Full details will be provided at the time of booking.

Check out is at 07:00 and 09:00 on the last day of the cruise. Guests will be in the airport by 07:30 and 09:30 respectively. For guests continuing their holiday in the Maldives at a resort, hotel or another liveaboard, your on-going transfers need to be arranged by you from the airport. We cannot arrange direct transfers from the liveaboard to resorts.

#### **Rental Equipment and dive-courses:**

Liveaboard Dive Courses: SAVE 12% when you pre-book and pay in advance for courses and extras onboard any of our boat.

#### **Internet**

WiFi internet is available onboard, though the availability and signal strength depends on the area. Internet may be not available at some places while cruising. Wifi access is USD 20 per week. Please, ask barmen for details while onboard. Please, note, we do not provide laptops/computers/other devices to use internet onboard, you should have your own computer to use our internet facility.

#### **Dive Insurance**

Diving-insurance is compulsory and we highly recommend that all guests purchase comprehensive international travel insurance that includes also medical treatment and baggage protection, as well as the costs of cancellation or interruption of the cruise, airfare costs and/or other expenses. Guests can purchase short-term dive insurance onboard.

#### **Required dive certification**

The minimum requirement is a Open Water Diver certificate or equivalent, which will allow you to dive to a maximum of 18m. This is the depth when a lot of the best dive sites begin to be really interesting, which is why we encourage our guests to obtain a Advanced Open Water Diver certificate or equivalent before or during the cruise. This will allow you to dive to a maximum of 30m and fully explore the Maldives' best dive spots.

Divers who have not dived for a while can do a PADI Scuba Review course to refresh their skills. The initial check dive does not only serve as an opportunity to check your gear, but also for the dive guides to assess everybody's abilities. Should the dive guide or a guest feel that extra support is needed, special guided dives can be arranged at an extra cost.

Maldives Scuba Diving act as booking agent in the name of the local operator Emperor Maldives, Male, Republic of Maldives.
